High Integrity, Matter-of-fact Attitude, Bold Exploration and Innovation **GOLDIAN**

Based in Hong Kong, China, Goldian Group has created the "Three Humanistic and Artistic Treasures" – Haïmalong, Haïmafong and Irene, which has integrated the essence of Eastern and Western cultures into the industries, and has been awarded the "World Peace Builder" Award at the United Nations Headquarters. Through face-to-face communication with UN Secretary-General Ban Ki-moon, President Carter and President Clinton of the United States, Warren Buffett, President of the Roosevelt Foundation Tweed Roosevelt, Prime Minister Raffarin of France and President Gauck of Germany, Heads of state as well as international celebrities such as Ms. Anna Chan Chennault, a famous overseas Chinese leader, have given their recognition and appreciation to the Three Treasures. Since 2015, on 9 September each year, Goldian Group has been organizing a worldwide festival on the theme of "True Love and Humanity" - 9/9 International True Love Day - which was praised by Mr Barnagar, president of WFUCA, as a "Nobel Endeavor".

The main business of Goldian Group is high-end humanistic real estate. Goldian Group has developed several international boutique humanistic real estate projects such as Xiangmei Garden, Yulong Palace and Golden Spring Palace. In response to the call of national policies, Goldian Group is actively preparing to build high-end tourism and healthcare projects.

In the past five years, positioning on humanities industries, Goldian Group has also been actively cultivating and incubating high-end diversified humanistic industry ecologies such as artificial intelligence/humanistic intelligence, international education, humanistic tourism, humanistic health, luxury goods and financial investment.

Stay with global strategic cooperation partners hand in hand

His evaluation of GOLDIAN: “Nobel Endeavor”

Mr. Kou Manyuen, chairman of Goldian Group presented Mr. Bhatnagar, president of WFUCA, the humanistic and artistic treasure - Haimalong as a gift.

诺贝尔式的努力与贡献

MESSAGE OF WFOUCI PRESIDENT, MR. BHATNAGAR
in
"Nobel Endeavor"

It is an occasion for every human being to understand the true meaning of love, express it by words, actions, deeds, feelings by any and every means. Love needs no special words and expressions, even a simple smile, tender touch or look, you can receive or pass it on to others. It works instantly and has a magical effect. As a human being we experience it from early childhood and our expectations grow with age. We all know this fact and preach about its enormous strength and power but use it very miserly.

We are living in a beautiful world with natural bounties. God has bestowed upon us his unlimited kindness and love. Knowing well that we live for only a limited time on this beautiful planet, we fail to make maximum use of it inmost time by fighting, harboring grievances, prejudices, evil feelings and thoughts for others.

Love and joy is an art of living. We can enjoy every moment of our life, once we know and understand this art. We all love and cherish, what we feel belongs to us. To experience true happiness, we should master the art of loving others and everything on this planet earth.

It is a duty of all elders to share their stories and experiences with younger generation remembering happy moments, thus spreading the message of Peace, Love and Harmony.

I take this opportunity to congratulate you for this wonderful initiative, a blissful reminder to live each & every day full of love and happiness.

尊敬的顾文元先生：

非常荣幸收到您的邮件，并从中获知您将通过艾琳娜 99 国际真爱节对爱与和平的推广，这是诺贝尔式的努力与贡献。

同时，对于您赠送的美丽而珍贵的礼物——海马龙、海马凤，我表示诚挚的谢意！我很欣赏您对于世界和平的理念与表达。

联合国教科文组织协会世界联合会主席
BHATNAGAR

Her evaluation of GOLDIAN: "GOLDIAN did better than what they said."

陈香梅：你们，做得比说得更好

集团公司并顾文元董事长：

欣悉11月28日，贵公司与上海国际商会在浦东香梅和平御园举行“人文情怀，和平使命”为主题的中外企业家文化交流活动，特来信祝贺。

我身处大洋彼岸，经常怀念祖国、思念上海，今天看到先夫陈纳德将军为了和平使命曾经奋斗过的地方，一片生气祥和，我感到欣慰。

一个国家要跻身世界民族之林，不能缺失文化传承、人文情怀和人类担当，一个企业要长足发展，如果缺失人文关怀、文化担当和社会责任，不可能有大格局、也不可能行其久远，所以，共同关心和探讨这一话题并付诸行动十分有意义，祝本次活动圆满成功。

也祝愿好友顾文元董事长一手创办的GOLDIAN集团在建造香梅花园、香梅和平御园，御珑官邸等城市居住和生活精品中坚守特色，行其久远。

陈香梅

EMO  **GENT**

Humanistic intelligence

1. SaaS Platform for Intelligent digital human

2. Intelligent Irene IP

We have always been committed to developing the next generation of human-computer intelligent interaction system with the human intelligence cloud brain platform as the core, to create a future-oriented human-computer interaction experience. We aim at the "Intelligent Irene" SaaS platform, while creating the "Intelligent Irene" service ambassador. Catering for customers' requirements, we provide customized intelligent solutions with multiple personification, multiple scenarios, and multiple industries to enhance human potential and decorate intelligent life.

Competitive advantages of intelligent Irene SaaS platform

**The source of
humanistic feelings**

**Driving force of
intelligent technology**

**The expressive power of
comprehensive art**

The multi-terminal presentation and application of Intelligent Irene integrates multiple scenarios, such as the telecommunications industry, 5G communication, business Q&A, business livestreaming, duty-free shop guide, financial broadcast, tourism and museum, advertising endorsement, logistics and transportation, smart community, etc. Intelligent Irene, as the service ambassador created by Emogent, empowers users with basic necessities, embraces a better life, and bonds millions of users with Irene.

Competitive advantages of intelligent Irene SaaS platform

Driving force of intelligent technology

Powered by original R&D, we are not focusing on single-point technology, but trying to achieve break-throughs in all aspects of building intelligent digital people.

We have research ability from 0 to 1, and in-depth research and development. Emogent is gradually forming its original ability and exclusive advantages in these technical fields.

Technology is the driving force. The research and development of "Intelligent Irene Saas Platform" requires a wide range of technologies, involving different technical fields such as emotional computing, 3D visual perception and real-time rendering, voice perception and synthesis.

Competitive advantages of intelligent Irene SaaS platform

The expressive power of comprehensive art

The ultimate expression of digital human needs not only technology as the underlying support, but also a more complete grasp of comprehensive art, and a perfect combination of art and technology. Emogent has an end-to-end art production capability, and a complete music production capability. It builds a highly expressive intelligent Irene SaaS platform with a audio-visual comprehensive art capability.

Kim Xuru

Influenced by her architect parents, she has an innate inspiration for art. Her work has a unique sense of sculptural architecture. Find unparalleled beauty in the world of fine jewellery art.

K&IRÈNE, originated from a legend of love 600 years ago

K&IRÈNE

K&IRÈNE, A Legend of Love

The brand of K&IRÈNE originated from a voyage, a spellbinding encounter, a legend of love.....

In the XVth century, the young Chinese prince Kou Qinghe, nephew of Chinese emperor Yongli, was fascinated by Marco Polo. So he embarked on a journey to the West along the Silk Road.

In Paris, he became a royal jeweler with great artistic attainments and met his goddess IRÈNE .

Kou Qinghe created a pendant of Haïmafong for IRÈNE, which means happiness. Kou Qinghe wore Haïmalong which means protection.

The two symbols accompanied them through unexpected test.

K&IRÈNE, originated from a legend of love 600 years ago

K refers to “King”, representing the royal identity of Kou Qinghe and the initials of Kou Qinghe; IRENE represents IRENE, the eternal queen and goddess in Kou Qinghe’s heart, to witness and commemorate the immortal love legend between the couple.

K&IRENE brand, originated from a legend of love 600 years ago.

In 1418, Paris found itself under threat of a new plague epidemic. Irène and Kou Qinghe save a large group of children from the scourge by leading them to a safe island off the Atlantic coast.

By the protection of Haïmafong and Haïmalong, they overcome cold, hungry, Atlantic currents and eventually returned safely to Paris with the children after the plague subsided.

Endurance and adversity had brought the young couple closer than ever. On September 9th 1419, Irène and Kou Qinghe get married.

In front of the holy church, they exchanged rings and promised to love, defend and respect each other all their lives. Kou Qinghe, the young prince, personally carved the Haïmafong and Haïmalong on the ring, and engraved " K&IRÈNE " characters "on the inner wall

Brand ambassador- Intelligent Irene

Intelligent star Irene is K&IRENE unique brand ambassador, she transcends the cold artificial intelligence, set wisdom, humanities, art in one. With the temperature, emotion, affinity, appeal, she is the perfect combination of traditional luxury and cutting-edge high-tech, as well as the innovation practice in new retail area, who made the world first.

Haïmalong and Haïmafong are unique symbolic brand symbols,
Which offers the design team a continuous stream of creative inspiration, so to make K&IRENE jewelry unique charm.

Humanistic Real Estate

Humanistic feelings of humanistic real estate

Goldian's humanistic real estate which revealing exquisite and majestic architectural art, It focuses on lots of wonderful stories about the Chinese and foreign celebrities, including Chennault who was the captain of Flying Tigers of United States and his wife names Anna Chan Chennault who is the famous overseas Chinese leader. It is an original humanistic art which integrates Eastern and Western cultures, it is excellent, and has won the international appreciation. It also combines residential garden art with earth art to make it happen. Our humanistic real estate has beyond the traditional concept of residence, moving towards to the multi-cultural, letting culture infiltrate the soul, and realizing the spiritual communication between builders and residents

The inspiration of Xiangmei Garden comes from encounter with Ms. Anna Chan Chennault.

Influenced by the humanistic feelings of Ms. Anna Chan Chennault, the international community built in 2002 was named "Xiangmei Garden", which was highly recognized by Ms. Anna Chan Chennault.

Xiangmei Garden is located in the international ecological community where is next to the Century Park in Pudong of Shanghai, with a total construction area of more than 380,000 square meters. It is close to the administrative center of Pudong, Oriental Art Center, Shanghai Science and Technology Museum and other public facilities. It is a landmark project of Century Park.

Xiangmei Garden

Full view of Xiangmei Garden

In 2014, after more than three years of construction, Yulong palace splendidly opened.

It combined the essence of eastern and western architecture with the solemn palatial space design, like a peerless French palace, it perfectly presents the east and west culture and humanities art ideals.

It fully reflects the requirements of humanistic real estate for the pursuit of aestheticism, accuracy and humanistic expression in details.

Shanghai Golden Spring Palace—Tourism real estate

Shanghai Golden Spring Palace project is located in Huaxia Sanjia port seaside resort in Pudong New Area of Shanghai, which is adjacent to the Yangtze River estuary in the East and rich in sea view resources; it is adjacent to Pudong International Airport in the south, links Foreign Leisure community, links American school and international golf course in the north, and urban trunk road and Huaxia viaduct in the West.

As the only natural hot spring + Apartment Hotel community project in Shanghai, and as an important part of Pudong Sanjia port Country Park, it has the property of non duplication. Reflecting the unique connotation of hot spring culture, we will build an apartment hotel cluster integrating hot spring and characteristic commercial catering, and become a benchmark project in the Sanjia port area. After completion, it is planned to build a fashionable and energetic community with advanced technology content of Internet and human intelligence, so as to attract all kinds of people to live, start businesses and social activities.
